Hi Kacee

I made some edits regarding the GAO report that I think bring the update more in line with the final version of the response.

Thanks

Kacee.

I think it might be helpful to add congressmen Brad Miller's name to GAO one pager for context.

Subject: Program Update for Bob P.

Attached are the materials for the next program update with Bob Perciasepe. Topics include IRIS high visibility assessments, IRIS process, Ramazzini, GAO IRIS Report, Biofuels, WOUS. These are due to the ORD-IOAA by COB tomorrow, Dec. 9. I still need to add to the Ramazzini entry (which I'll do when I'm back in the office this afternoon).

Mike - can you take a look at biofuels and WOUS?
Norm - can you look at the GAO IRIS information?

The IRIS high visibility assessments and IRIS process are materials that we've used in the past for these updates -- just with updated dates and information where needed. If you have any comments on those, please let me know.

Thanks,
Kacee
